

# ANTIMICROBIAL FILMS PURE ZONE 1 DAY.

This workshop is intended for businesses having a development project in the health sector and/or in any areas where hygiene is essential. It explains the basics of self-adhesive films, their handling and application.

## Duration:

1 day. To avoid extra travel costs and organization of the trainee's agendas we ask you to book at least 2 full days of training sessions at a time.

## Maximum number of participants:

12

## Programme:

- + Recognition and analysis of the various antimicrobial adhesive vinyls
- + Presentation of application accessories
- + Methods of applying vinyl to appropriate substrates (door handles, furniture, windows, floors, etc.)

After the course, every participant will receive a certificate of attendance.
